

VIGNESH K U

B.F Tech (N.I.F.T)

Specialised in product development,I.E, CAD Softwares and Technical Textiles.

Phone No : +91 8590933712

Email id : vignesh.ku@nift.ac.in

Linked In : Vignesh K U

Location : Kannur,Kerala

SUMMARY

Experienced in both manual and CAD-based pattern making, garment construction, and technical textiles. Detail-oriented and eager to learn advanced pattern-making software and AutoCAD to improve accuracy and drive innovation in fashion technology.Knowledgeable in sampling, sourcing, production coordination, quality compliance,IE and also creativity in styling .

SKILLS

Software	CAD | CLO- 3D | Ms Excel | Ms Powerpoint | Procreate | Adobe Illustrator | Flutter | PhotoShop
Domain Knowledge	Pattern Making | Marker Making | Garment Construction | Anthropometry | Special machines and stitches | Fabric Science | Internet of Things(IOT) | IE | Merchandising

EDUCATION

B.FTech, National Institute of fashion technology (2023 - 2027) — CGPA : 8.4

Higher Secondary, SSGHSS Payyanur (2021 - 2023) — 96%

SABTMHSS Thayineri (2016 - 2021) — 95%

PROFESSIONAL EXPERIENCE

Role: *Fashion Technology Intern (1st June 2026 - 24 July 2026)*
Company: *Sonal Apparel Private Ltd (SAPL), Peenya, Banglore, India*

- Gained hands-on exposure to the entire garment production process from techpack to bulk production.
- Conducted time studies across departments and implemented real-time efficiency improvements.
- Assessed workplace ergonomics and worker welfare policies.
- Developed an application using flutter for the gatepass management system and increased line efficiency by making quick style changeover time.

Role: *Textile Internship (July 2025)*
Company: *Arthi Textiles, Coimbatore*

- Gained hands on exposure to spinning process & yarn manufacturing operations

Role: *Textile Internship (July 2025)*
Company: *Poovarasi textile mills Pvt.Ltd, Erode*

- Learned industrial dyeing techniques,yarn processing methods,and quality control practices.

Role: *Textile Internship (July 2025)*
Company: *Paruthi knits Pvt.Ltd, Tirupur*

- Acquired practical knowledge of knitting processes, fabric dyeing and production workflow

Role: *Cluster Visit*
Cluster: *Kunjimangalam Weaving House, Kannur*

- Galned knowledge in pre-weaving activitles, weaving operations, and post- weaving processes. Developed an understanding of yarn preparation, loom functioning, and fabric formation.

ACADEMIC PROJECTS

1. Smart gatepass system (Developement of an application):
   - Developed a digital Smart Gate Pass System to manage and track materials sent outside the garment factory for various processes.
   - Built the application using Flutter and Firebase, with gate-pass creation, approval workflow, QR scanning, PDF generation, and reporting.
   - Implemented return tracking, overdue reminders, and security verification to improve visibility and control of material movement.
2. Product development (Reversible fur Jacket):
   - Designed and developed a reversible multi-functional jacket that can be worn on either side, offering two different looks in a single garment.
   - Combined fur fabric on one face with windbreaker fabric on the other, balancing warmth, weather protection, and contemporary styling.
   - Developed the garment with a focus on versatility and functional design, allowing users to switch between the two faces based on styling and weather requirements.
3. Automated water/liquid filling system (IOT):
   - Designed and developed an automated water-filling system working model that automatically starts water filling when the tank level is low and stops when the required level is reached.
   - Integrated water-level sensors and an automatic control mechanism to monitor tank levels and operate the water pump without manual intervention.
   - Proposed its application in apparel processing, particularly in dyeing and wet-processing sections, to improve water management, reduce overflow, and minimize manual monitoring.

OTHER ACCOMPLISHMENTS :

Achieved Rajyapuraskar in scout & guides
Student Police Cadet (2021 - 2023)
Various achievements in spectrum 2023-2026
